About

Computer Science undergraduate student at the Federal University of Rio Grande do Sul (UFRGS).

Fields of Interest

- Visual Computing • High-Performance Computing • Theoretical Computer Science
- Pure Mathematics • Theoretical Linguistics

Education

Bachelor of Science - Computer Science

Jan. 2020 – Jul. 2024

Federal University of Rio Grande do Sul (UFRGS)

Porto Alegre, Brazil

- Entered in 1st place at the 2020 admission exams for Computer Science.
- Undergraduate Thesis: Analysis and Implementation of Aliasing Removal Techniques for Sub-Sampled Signals
- Fields: Digital Signal Processing, Image Processing
- Advisor: Prof. Manuel M. Oliveira

High School Exchange

Sep. 2018 – May. 2019

Monaghan Collegiate School

Monaghan, Ireland

Technical High School - Electrotechnics

Jan. 2017 – Jul. 2018

Federal Institute of Santa Catarina (IFSC)

Florianópolis, Brazil

Academic Experience

Undergraduate Student Researcher

Oct. 2022 – present

Parallel and Distributed Processing Group (GPPD) – Institute of Informatics – UFRGS

Porto Alegre, Brazil

- Advisors: Prof. Eduardo S. L. Gastal and Prof. Lucas M. Schnorr
- Fields: Computer Graphics, Computational Geophysics, High-Performance Computing

Undergraduate Student Researcher

Feb. 2022 – Jun. 2022

Multiagent Systems Lab (MASLAB) – Institute of Informatics – UFRGS

Porto Alegre, Brazil

- Advisor: Prof. Ana L. C. Bazzan

Teaching Assistant - Calculus II

Aug. 2021 – Nov. 2021

Institute of Mathematics and Statistics – UFRGS

Porto Alegre, Brazil

- Advisor: Prof. Virginia M. Rodrigues

Teaching Assistant - Calculus I

Jan. 2021 – May. 2021

Institute of Mathematics and Statistics – UFRGS

Porto Alegre, Brazil

- Advisor: Prof. Flávia M. Branco

Professional Experience

Full Stack Developer

Nov. 2022 – Mar. 2024

Cognitiva Brasil

Porto Alegre, Brazil

- Technologies Used: Java (Spring Framework), AngularJS, ReactJS, PostgreSQL

Full Stack Developer

Jun. 2022 – Nov. 2022

Vent Digital

Porto Alegre, Brazil

- Technologies Used: NodeJS, ReactJS, PostgreSQL

Full Stack Developer

Feb. 2022 – Jun. 2022

GROW+ Startups Accelerator

Porto Alegre, Brazil

- Technologies Used: Java (Spring Framework), ReactJS, NextJS, PostgreSQL

Technical Skills

Natural Languages: English (Proficient), Portuguese (Fluent), Spanish (Intermediate), Japanese (Basic), Korean (Basic)

Programming Languages: C, C++, Java, Python, JavaScript, SQL, HTML, CSS, \LaTeX

Libraries & Frameworks: OpenCV, ImGUI, Spring, ReactJS, AngularJS, NodeJS

Tools & Others: Git, GNU/Linux, PostgreSQL, MySQL, Emacs, Microsoft Office

Language Certifications

Certificate in Advanced English (CAE) – Grade A – CEFR Level C2

University of Cambridge

Japanese Language Proficiency Test N5 – 日本語能力試験 N5

国際交流基金 – Japan Foundation

Test of Proficiency in Korean (TOPIK I) – 한국어능력시험 I

국립국제교육원 – National Institute for International Education (NIIED)

Open Source Contributions

CalculoNumerico | github.com/reatmat/CalculoNumerico | ★ 130+

- Open Source textbook for Numerical Calculus made by the Institute of Mathematics and Statistics - UFRGS

Events Attended

• XXIV ERAD/RS (2024) – Florianópolis, Brazil

• 30th AnimeXtreme (2022) – Porto Alegre, Brazil

Other Certifications and Awards

• Honourable Mention in Santa Catarina Chemistry Olympiad – OCQ 2017

• Tetris® Grandmaster

Hobbies and Other Interests

• Chess • Music • Playing Piano • Rubik's Cube
